# BEKINS

Bekins has earned an A+ Rating from the BBB (Better Business Bureau) for providing the highest level of customer satisfaction. **Bekins A+ Rating** is the highest rating for any business accredited by **The Better Business Bureau**. The BBB recently introduced this new Ratings System (a letter grade from A+ to F) for all companies in the BBB database.

The letter grades are calculated electronically using a proprietary ratings formula that takes into account 17 weighted factors. The largest single factor in determining a letter grade is a company's overall consumer complaint history with the BBB.

With an A+ rating from the BBB, Bekins continues to set standards on providing the highest quality of services for all of our customers. With over 115 years of quality services, backed by our BBB ratings, you can be assured that your move with Bekins will be a great one. We look forward to assisting you on your upcoming move.

*With Bekins ... "Trust Goes a Long Way"*
