Subject: Our move

Kim & Billie Jo,
 Although we will be unpacking for weeks (lots of boxes!)...the move went very, very well. We have been singing John's praises to anyone who will listen, and everyone at Bekins has been wonderful. We give you high marks!
 Thanks so much,
 Corinne Buterbaugh

Subject: Bekins Movers

To whom it may concern,

In the Fall of 2006 we contacted Worldwide Relocation Services Inc/Bekins Van Lines movers to do a very unusual & complicated move. We wanted them to move my fiance's belongings from North Carolina to Maine. It was unusual because she was not present in North Carolina, but had already moved to Maine. The complicated part comes in with the fact that they could not get the moving van within 1/2 mile of the house. This made for what we considered an almost impossible situation for the movers. Worldwide Relocation Services, Inc/Bekins Van Lines moving company handled the move in a very professional and expedient manner. Everything was packed and loaded into the moving van in 3-4 days. Doug McGrath was extremely helpful in coordinating the moving date and all of the details concerning the move. The time it took the driver to get our belongings to Maine greatly exceeded our expectations, also the driver updated us on his progress several times during his trip, thus relieving us of any worries that we might have had. Upon arrival we expected it to take 1/2 day to unload the moving van. The driver and his assistants had it done in just over 2 hours. As we inspected the boxes, we were amazed at the amount of packing material that had been used to protect our belongings. Even unbreakable items were carefully wrapped and protected. We are extremely happy with the job that was done and with the professional and courteous service that we received. If you are planning a move, I would highly recommend Worldwide Relocation Services, Inc/Bekins Van Lines, you won't be disappointed!!

Dana & Sharon Foster

Billie Jo:
 Your truck just left. I just wanted to thank you for the great job your employees did. John, the packers, and the third party that handled the breakables were all very courteous and professional. It was a pleasure doing business with them. Please let your Management know that we are very pleased with the service we received.

Best Regards,

Subject: High five!

Ms. Sullivan (Jane's mother) released the shipment from origin today. She phoned back to say that James was TOTALLY WONDERFUL. She said she had moved at least 16 times in her life thru the military and NEVER had she seen anyone this good. She raved on how PHENOMENAL James was. "He was very PROFESSIONAL, ACCOMMODATING and A DELIGHT TO BE AROUND".

Good Job!
 High Five!
